

A 501c3 non-profit

Dear Donor,

I hope you will consider supporting HydrateLIFE. At HydrateLIFE our mission is to bring clean water to communities that lack this basic necessity. Our latest project is a solar powered water system that will bring clean water to every home in the community of Motuse, Nicaragua, as well as the local school, and local churches. As a way to raise funds for this project we're hosting a virtual silent auction on March 19, 2022!

With this project we will accomplish two goals; first, it will eliminated waterborne diseases and parasites that plague this community of 623 people, and second, it will give hours of time back to the women and girls of the community who walk over a mile every day to collect water from their current source, hours that can be used to better themselves, their families, and their community. Additionally, we have worked with the community to create a sustainability plan that will ensure they have the technical and financial means to operate, maintain, and repair the system for decades to come with little to no outside help.

In order to make our auction a reality, we are seeking unique and interesting items to auction off. We are requesting donations of merchandise, gift certificates, gift baskets, or other items to be auctioned, as well as sponsorship and advertisements. Your donation will greatly help us succeed in our mission.

If you are able to donate an item or items for our auction, we'd appreciate you emailing us before March 4, 2022. If you would like to consider a sponsorship of our auction or advertisements on our auction webpages and social media, please contact us via email (below) as soon as possible. Your generous donation and/or sponsorship will be acknowledged on our web pages, and other materials during our event promotion.

With your help, we can assist the people of Motuse in bettering their community with this environmentally responsible and sustainable project that will bring health to the community, empower the women and girls, and change the future of Motuse. On behalf of HydrateLIFE, thank you very much for considering our donation request. Please don't hesitate to email me anytime.

With much gratitude,
Brian Luenow
Founder and President
brian@hydratelife.org

Please email me and we will coordinate pick-up of your donation by March 4, 2022.

THANK YOU FOR YOUR GENEROUS DONATION & SUPPORT OF OUR MISSION!
